### **Welcome!**

Students, welcome to 5<sup>th</sup> grade! As we prepare to get this year started, please review your multiplication facts. Fact fluency will be a big part of assuring success this year. We will be learning about volume to start the year off as well as some fourth-grade review. Parents, please work with me as I prepare your child for sixth-grade. I'm terribly excited about this year and all that will transpire. Let's get ready to find treasures!

### **Uniform Policy**

The CMSD Student handbook states that students within our district must adhere to the uniform policy during school hours. The uniform policy states that students have permission to wear solid navy or khaki bottoms with solid navy, white, purple, or gold tops. The policy follows the same color scheme with regards to jackets worn in the classroom. Jackets worn during the school day must be navy, white, purple, or gold. NO logos or writing may be written on clothing. Belts must be worn if there are belt loops on the clothing and shirts must be tucked in. please help us teach your child to follow all rules. Thank you for your support.
