General Notes

Dear Parents,

We are almost at the end of flu season and spring and pollen has begun to show themselves. We are currently requesting extra Wipes to help our classroom combat illness. We would appreciate any and all donations given to our classroom.

Objectives & Competency

This week our educational focus is on Scientific Inquiry. We will have home practice distributed to each student with our focus outlined daily. We will use studyjams.com for reinforcing our content and concepts daily. The students may also practice at home daily. It is important for them to practice daily; if applicable at home. Our focus this week is on 1a, 1b, 1c, and 1d our focus this week centers on the scientific method and its various functions; including formulating a hypothesis, conducting the investigation, observation & Inference, using precise measurement, and weather tools.

Vocabulary

Anemometer, barometer, hygrometer, thermometer, observation, inference, prediction, hypothesis, investigation, experiment, variable, independent variable, dependent variable, data, quantitative, qualitative
