General Notes

Dear Parents,

We are still in the Midst of Flu and virus season. We are currently requesting extra Wipes to help our classroom combat illness. We would appreciate any and all donations given to our classroom.

Objectives & Competency

This week our educational focus is on Earth & Space Science. We will have home practice distributed to each student with our focus outlined daily. We will use studyjams.com for reinforcing our content and concepts daily. The students may also practice at home daily. It is important for them to practice daily; if applicable at home. Our focus this week is on objective 4d, 4e, and 4f. Strategically our focus this week is on humans and the environment and natural resources, predicting movement patterns of the sun, moon, and earth, and comparing the physical characteristics of the planets

Vocabulary

Surface features, mass, surface gravity, distance, revolution, rotation, axis, composting, conservation, orbit, resources, renewable, non-renewable, sustainable, non-sustainable,
