General Notes

Dear Parents,

Spring is here and we are ready to begin our end of the year testing. We have much to do in preparation for this long awaited event. Please be sure to check your student's communication folder for any makeup work or extended home practice. Thank you and have a wonderful Spring Equinox!

Objectives & Competency

This week our educational focus is on life Science . We will have home practice distributed to each student with our focus outlined daily. We will use studyjams.com for reinforcing our content and concepts daily. The students may also practice at home daily. It is important for them to practice daily; if applicable at home. Our focus this week is on 3a, 3b, 3c, & 3d. Our centralized focus will compare and contrast the diversity of organisms due to adaptations, research and classify the organization of living things, research and cite evidence of the work of scientists, and distinguish between sexual and asexual reproduction.
